Democratic Meeting.

There will be a meeting of the Democratic Club to-night, at the corner of Green and Jackson streets.

Geo. S. Morris, an eminent citizen of Baltimore, died a few days ago.

Mr. A. Putnam, mail Agent on the L. & F. & F. L. R. R., will accept our thanks for last papers.

Mr. Bradley, late of Burton's, has engaged for the "first old man" of the Louisville Theater.

Mrs. Harris, an actress, (daughter of Mrs. Grattan, at present of Wallack's Theater,) died a day or two since at Peoria, Illinois.

The news of the nomination of Buchanan and Breckinridge created the wildest enthusiasm when received in California.

The Know-Nothings are just now taking the fourth degree, in great numbers—that is, the degree of withdrawal.

At a township meeting in Tippecanoe county, Indiana, the other day, there were six thousand Democrats in council.

The body of a colored man, the property of John M. Shapp, was found in a state of decomposition near Bowling-Green a few days ago.

P. Soule, late Minister to Spain, the distinguished orator and advocate, recently left New Orleans for California; whether on a visit or for permanent residence it is not stated.

See the Congressional proceedings. It seems there has been another personal collision between members of the House—Mr. McMillen and Mr. Granger.

Mrs. Jane M. Biddle, widow of the late Nicholas Biddle, died on the 11th instant, at Andalusia, Bucks county, Pa., in the 64th year of her age.

Attention is called to the sale of furniture, carpets, liquors and gold watches this (Tuesday) morning by J. T. Burton at his auction rooms, No. 80 Fourth street. Sale commences at 10 o'clock.

The First Ward Democratic and anti-Know-Nothing Club will meet on Tuesday night at the corner of Shelby and Green streets. Wm. C. Reesor will address the Club. The public are invited to attend.

TO THE APPLICANT.—It will be seen by the advertisement of Dr. Samuel Reynolds, that he has consented to remain in the city two weeks longer. Those afflicted with cancer, will find relief by calling on Dr. Reynolds. He is stopping at the National Hotel.

RAIN.—We have been blessed with an old-fashioned rain the last twenty-four hours, and up to 10 o'clock last night it was still coming down, with every prospect of "raining all night." We learn the rain has been very general—having rained in Lexington, Frankfort, Georgetown, and along the river. The steamboatmen are in high glee, and think the "good time" is coming.

A NEGRO MAN KILLED.—On Saturday night last, a difficulty occurred some four miles out on the Shelbyville turnpike, between a negro man, the property of Mr. Raymond, who lives opposite the city, and a white man, the property of Theodore Brown. The former received a wound on the back of the head fracturing the skull, from the effects of which he died.

The perpetrator of the deed had not been arrested up to 7 o'clock last evening.

FOR CINCINNATI.—The swift little clipper the steamer St. Louis, Capt. Hildreth is the mail and passenger packet for Cincinnati this morning at 10 o'clock. This steamer reaches Cincinnati in time to connect with the early trains for the Eastern cities. The fare is only \$2.50. Step on board. Robt. S. Dunning and Corporal Moody and the clerks, two better never were whippers.

LOUISVILLE.—The theatre at this place will certainly be opened on the 1st September. It is not positive, but ought to be, that George Melles is to be the manager. He is exceedingly popular in Louisville, as he is here, having hosts of friends in either city. He will have Hanly, James Grace, Wood, Susan Deinin and Mrs. Bernard as part of his company.

Cincinnati Engineer.

We agree with you that Mr. Mellus ought to be the manager of the Louisville theatre. Everybody here say George is the man—he is certainly the best manager this theatre ever had. It will be a disappointment to thousands in the Falls City if he is not. Every one is eager for the theatre to open, and all are of the opinion that it should on the 1st of September, with George Melles as Manager. J. C. Hanly, James Grace, Wood, Susan Deinin and Mrs. Bernard as part of the company.

LUCK FOR THE BALTIMORE BONAPARTE.—The special commission, to which Louis Napoleon referred several delicate family matters, has reported, we learn from the Paris correspondent of La Nord, of Brussels, upon the important question of the Prince Jerome's first marriage with Miss Patterson in America. The commission confirm the validity of his marriage, which was always maintained by the Pope, to the great annoyance of Napoleon 1. In consequence of this decision the grand-son of Prince Jerome and Miss Patterson, who is a sub-lieutenant in the French, army becomes a legitimate member of the Napoleon family, while Prince Napoleon, the issue of Jerome's second marriage, is excluded.

ALL IMPORTANT.

HURLEY'S SARSAPARILLA.—The coming changes of weather render it incumbent upon everyone to take the necessary precautions for the preservation of their health, and we know no better way of doing this than keeping on hand a bottle of Hurley's Sarsaparilla, the best remedial and preventative agent in the world. Over 200,000 bottles have been sold within the last two years, and one and all agree in extolling it as the best ever introduced into public use. We use it ourselves and can cordially recommend it.

The New Age of Gold, or the Life and Adventures of Robinson Crusoe, written by James O. Hays. Vol. 2. 12mo., 60 pages, Boston, Phillips, Sampson & Co.

This book is after the style of Robinson Crusoe. The author and hero are the son of a merchant of Boston; is reduced to poverty by the failure and death of his father. He then embarks himself, with a dog and a bear, takes the yawl, and on an uninhabited island, where they married and have two children, and severe adventures with the wild beasts. They live on the island twelve months; then make a boat and sail for San Francisco, and from there to Boston where his wife and children died. He had not gone in search of the island on which he enjoyed so much happiness.

FOR ST. LOUIS, GALVINA AND ST. PAUL.—	
The fine steamer Thomas Scott, Capt. John Ferguson, having been detained, will positively leave for the above ports to-day at 12 o'clock. The Tom. Scott is a new boat, finely furnished and well officered. Capt. Ferguson is a courteous and accomplished officer. Messrs. McDowell & Robertson, No. 10 Wall street, are the Agents. Call and receive a statement.	
SHORT AND SWEET—No. 1.— Lay in your coal before it reaches 25 cents a bushel.	
Be polite,—sweat no more oats than you can find in your dictionary.	
Never touch a black glove against a lady's face.	
If you've got a five dollar bill and your neighbor only has a one, don't stick your nose up at him—your bank might break.	
Be sensible before you're smart.	
Don't let your ambition get ahead of your judgment—remember the old Ben Franklin was always breaking because she had too much steam power for her hull.	
Don't dress in pink, blue, or white to have one piece taken, and then tell the Artist you thought it wouldn't take well.	
Harris' Galleries is on Main street, between Fourth and Fifth.	
A nod is as good as a wink to a blind horse.	
Miller & Tabb, Dealers in Fancy and Staple Dry Goods, corner Fourth and Market streets, preparatory to receiving their Fall and Winter stock, are offering good bargains in the following goods, Lace and Silk Mantles, Or garden Muslins, Barges, Printed Jaconets, Parasols, Em'd Muslins, Baques, Lawns, Rich Lunner Silks, &c., &c. The attention of persons, especially ladies visiting our city, is invited to their stocks, which, in point of variety and elegance is unequalled by that of any other house in the West.	
Persons desiring cheap and desirable goods will find it to their interest to examine their stock before making their purchases elsewhere.	
Honesty is the best policy especially when people are watching you, and we hear of some individuals who will find it so, for we do not believe the Kentuckians are fond of humbugging, and humbugging is the best arrangement of humbug arrangements generally. We believe they understand the proper management of any kind of business enough to know, that any man or men who take pride in, and expect to make this business profitable, will avail themselves of everything which will add either fame or fortune. Therefore, in bringing our new style of Pictures before the public, we feel that our reputation is at stake, but we know of no other Glass Picture in which we have so much confidence, nor is there any other style of Pictures one half so beautiful. We have reference to the Spherotype as taken at Webster's Gallery.	
N. B.—W. & B. have secured the exclusive "right to make and sell this style of pictures in Louisville.	
How truly said, we live in an age of improvement. Troxel who keeps up with all the improvements, has got to making pictures on paper instead of glass; not photographs, but superior pictures to anything of the kind. Pictures made at Troxel's Gallery give all the true color to drapery and complexion, of a colored picture in oil. Persons wishing to get pictures of John C. Breckinridge, can be supplied by calling at the rooms. Agents furnished on terms to do well.	
We are now prepared to fill orders for Sugar Cured Canned Dried Beef, Best Tongues, half barrels family Mess Beef, half barrels Mess Pork, Canned Sugar Cured Hams and Shoulders, Sifted and breakfast Bacon.	
Also, Plantation Mess Beef, which are selling at a little over half the present price of Mess Pork.

The confusion in the House was occasionally so great that it was next to impossible to understand precisely was going on. The galleries and lobby were crowded, and great excitement prevailed.

Campbell, of Ohio, from the committee of conference on treasury bill, reported that they were unable to agree on a compromise between the military operations in Kansas and disarming the military, and moved that the House further instruct and ask the Senate for a further committee of conference. Stephens inquired whether if the motion were voted down it would be, in order to move that the House recede.

Mr. Cobb, of Georgia, said the only way to have the bill was for the House to recede from the Kansas amendment.

At half past 11 o'clock this vote was taken on Mr. Campbell's motion and disagreed to yeas, 103, nays, 163.

Mr. Acker, recently elected in the 5th Congressional district, Mo., to supply the vacancy occasioned by the death of John S. Miller, was sworn in and took his seat.

Mr. Hays, of Ohio, read the House a letter from Mr. Richardson, of Ill., announcing that he had resigned his seat.

Mr. Kunkel moved that another committee of conference be appointed. The speaker decided the motion out of order as a similar question had just been decided. Mr. Milson asked leave to offer a resolution that the Senate concurring in the bill be appointed to extend two hours. Objections were made and a unanimous dissent. Mr. Cobb, of Ga., moved a suspension of the rules. He wished the majority to suspend the rules so that they would defeat the bill and let all the country movements be exhibited to the country. The House at one minute to 12 o'clock refused to suspend the rules. Four yeas and 63 nays. The bells rang for the closing of the day. The House of Ohio, moved to adjourn till 2 o'clock. The yeas and nays were ordered but before the call was commenced the speaker announced the adjournment of the House. The vote was taken with the point resolution fixing the hour. The members lingered in the Hall, some lamenting and others rejoicing over the defeat of the army bill.

ARRIVAL OF THE STEAMER

BALTIC.

NEW YORK, Aug. 13.

The steamship Baltic, from Liverpool, with rates to the 6th inst., arrived this morning, having passed Sandy Hook at 7 o'clock.

Commander Stanley Africa arrived out for the 1st inst.

Spain.—The most important news brought by the Baltic is the surrender of the insurgents at Saragossa to the Queen's troops under Gen. Sarracina. The whole of the Kingdom of Aragon, at last, Friday, when the Royal troops entered the city without opposition and disarmed the rebels. No definite particulars have been received as to the whole course of the campaign, but without bloodshed. All Spain has now submitted to the O'Donnell ministry. His future policy is not known, but it is reported that he is intending to make up a quarrel with the Liberals.

France.—Tranquillity having been restored in Paris, Napoleon has given orders for a suspension of all movements of troops towards the frontier.

Gen. Pelissier has returned and as a reward for his services has been created a duke.

A rumor prevails that the Emperor is suffering from a severe attack of dysentery.

Italian affairs remain as unintelligible as ever.

There are reports of a remonstrance to Saragossa by France in favor of Austria.

The Emperor of Austria and King of Prussia having had an interview at Toplitz, numerous dispatches have been exchanged the last few days, and the whole of the continent has been kept in the greatest excitement. The Cabinet of Vienna the last note addressed to the Western powers by the Court of Naples, and declared that the Emperor Napoleon had accepted the terms in the highest degree dissatisfied with the principles expressed in the document; and moreover that it was determined with the co-operation of Austria to maintain the Neapolitan to give way to the legitimate demands of the Western powers.

Austria continues to represent to the Cabinet of Naples the necessity of giving way to the Western Powers, and the Emperor has refused to accept of Austria.

A Russian camp of 6,000 men informed on the 10th inst. that the Russian army had been defeated by the Porte.

The Porte has again declared itself by a fresh diplomatic note opposed to the union of the principality.

Russia intends to object to the amount of annual tribute demanded from the principality by the Porte.

The English, Austrian, and French commissioners are of opinion that Belgrade should be given to Turkey Russia protests.

It was rumored that the Russians had sent 8,000 men into Kara, and that they were restoring the fortifications of that town.

A Russian proposal to give the Sound, and it is said that Russia advises it.

A terrible disaster has occurred at Salonica. In the 11th ult., a fire broke out in a Turkish building, the French quarter, and soon extended over the houses in its vicinity. The fire, however, of the Governor, Amherst Pasha, and a numerous multitude, the fire was got under, and, when every body was ready to retire, the fire broke out in a new place in the house of John Schilizzi, a French merchant, who had retreated in it about 200 lbs of gunpowder, contraband. The number of killed and wounded by the fire of the first explosion was about 700, among the latter are the Russian, Dutch, and Austrian consuls. Schilizzi has been arrested.

WASHINGTON, Aug. 10.

Whereas, while hostilities exist with various of the Indian tribes on the remote frontiers of the United States, and while in other respects the public peace is seriously threatened.
